

18.4.10

Hi team,

Welcome back to school, hope you had a great holiday. I am really looking forward to hearing about some of the things you did and saw. Hope you had a good rest and you are ready for a term of learning.

I had a lovely holiday and while we were staying at Ohope we got to swim with Moko which was an amazing experience. We swam with him for about 2 hours and he even brought a john dory for us to play with him. We would throw it and he would fetch it back to us.

This term we are going to learn about "Being a New Zealander." We are going to be looking at places in New Zealand and what has made them famous places.

We are going to start learning some more things about science by having a go at a science question each week for homework. This will be fun and you and your parents will learn more about the science world! We will be doing some experiments with milk and will make some cheese.

Our cornerstone value this term is Duty. The Life Education bus will be at school later on this term.

Art week theme this year is 'Kiwiana' and we will be making some wonderful art pieces to go in the exhibition during the last week of term.

A reminder that our library day is still on Monday.

Have a lovely term.

Kind regards

Mrs Hale

Dear Parents,

Welcome to term 2, hope you all had a lovely break with your wee treasures.

Homework this term will be a science question in their science books. There is a note of explanation inside the books but feel free to ask if you are not sure. A home reader will continue to come home Mon-Thursday. If there is something you would like to discuss or ask please feel free to pop in. Thanks for your lovely children and your support. 😊

Kind regards

Leanne
